Hello and welcome new Free Horizon Montessori Family!

We are your CSN (Community Support Network), and we are thrilled you and your family are joining our wonderful community. We are made up of parent volunteers and have students in Primary grades all the way through Middle School.

You will see the CSN helping with fundraisers, supporting teachers and staff, and creating opportunities to foster community connection. We are here to support you as you begin your FHM journey, answer questions you may have, and welcome you with open arms!

Keep watch for CSN announcements in the weekly Fox Flash. Look out for opportunities to volunteer throughout the school year. Be sure to check out our Facebook page: Free Horizon Montessori CSN. This is a great place to ask questions and stay up to date with different things going on around our school.

We look forward to meeting you and your children in the new school year.

With a warm welcome,
Your CSN
